Washington, May 19, 1856.

My pala sm: I have been pleased to meet with you once more after the lapse of so many years; and I desire to avail myself of an early opportunity to add my thanks to those you must have received from many others for your labor and care in the compilation of the laws of the United States relating to pensions and bounty lands, a copy of the stereotype edition of which I have in my possession.

The subject of pensions is one which has been, and still continues to be, of interest to the great American family. The circumstances under which those for revolutionary services were provided are of a highly interesting character.\*

It was never the design of our fathers that the system should be partial, giving to spine while it withholds from others equally deserving. Your arrangement of the laws, therefore, while it presents in detail the provisions made, is at the same time suggestive of those deficiencies and omissions which render the system incomplete.

Your work I have found of incalculable value to me in my position as chairman of the Committee on Ecvolutionary Pensions, for, without it, I should have been subjected to the labor of a close examination of the statates; and from the frequency of my recurrence to it I have been able to test its merit and appreciate its worth.

I am, my dear sir, most respectfully and truly, yours, Dr. R. Mayo.

In the examination of cases arising thanks. land laws, I have had frequent occasion to refer to this work, and have ever found it accurate and complete. As a compilation of the laws upon those subjects, I regard it highly useful both to those ad-ministering those laws and the public. With many wishes for your continued success, I have the honor to A.
